

EU VAT

Expert degree (2022-2023)

Starting June 2022!!!

There is an increasing demand for well-trained VAT specialists to fill the positions of VAT managers or VAT directors in multinational companies. Their task mainly consists of co-ordinating VAT questions at European level, and answering those questions where possible.

Because there is no appropriate degree programme available at European universities,

the management team of VAT Forum CV decided to meet this need themselves and so they organised the Expert in European VAT degree for the first time in 2004.

VAT Forum run a biannual programme that can lead to an 'Expert in European VAT' degree after completing 210 course hours and passing the necessary exams beginning of September 2023. To date, 71 participants have obtained the 'EU VAT Expert' certificate.

The course consists of the following main modules:

- Directive 2006/112/EC module (60 hours)
- ECJ court cases module (30 hours)
- "Doing business in..." module (60 hours)
- Topics module (60 hours)
