About the conference

We aim to create an open discussion between VAT managers within companies, consultants, officials from national VAT authorities and the European Commission. This conference aims to discuss hot topics and provide ready-made answers for businesses. The aim of the conference is also to inform companies and consultants of the latest changes to EC and national VAT legislation and the impact of these changes on business.

During the sessions, participants will have the opportunity to raise questions. Participants are invited to contribute as much as they believe is useful during the panel discussions, in order to make this conference as interactive as possible. During each session, there will be sufficient time to answer questions and to discuss the issues with the audience. The conference offers a unique opportunity for networking. Persons responsible for VAT and Customs from different companies and countries will be present. It is the ideal moment to exchange ideas and gather information from other countries.

WHAT CAN YOU EXPECT FROM THIS VAT SUMMIT?

- Direct knowledge transfer
- Logically structured presentations and lectures
- Lectures that go into technical VAT depth but are also practically oriented
- Continual interactive discussions with the participants
- Directly applicable solutions for your business environment
- No sales pitches
- Networking with other VAT experts

About VAT Forum

VAT Forum is an international partnership of indirect tax specialists and was founded in 1999 by Professor Prof. Patrick Wille, along with other independent VAT consultants and member companies. It consists of partners (highly experienced independent VAT consultants), and members (companies that trade across borders). The Forum organises activities and provides services for its members.

It is a fact that VAT is becoming a major issue and a significant liability for those businesses that are active across borders in Europe; this is not only the case for multinational firms, but also for smaller companies that trade within Europe.

For this reason, it is VAT Forum's main aim to support the VAT compliance requirements of its members actively, by means of short and long-term training programmes, conferences, webinars, information dissemination, technical discussion groups, lobbying and networking.
